

# PERSONAL SHIELDING

## SILVER LINING GARMENTS

*Gain Control of Your Inner Environment*

Now with a super soft and more durable fabric! Very comfortable undergarments you can wear alone or over your regular underwear to shield yourself from power line and

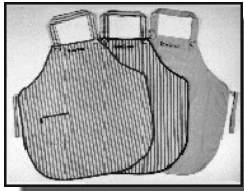

computer electrical fields, and microwave, radar, and RF radiation. These pure silver plated, washable nylon garments are electrically conductive, reflecting radiation. Plus you won't get those static shocks as you used to in dry weather and your clothes won't cling to you! Fabric provides shielding up to 35dB at 100 MHz. Silver inhibits the growth of germs and reduces odor too. Surround what you want to protect! Made in USA. Specify desired size: S M L XL

- Camisole (Cat. #D201) ..... \$64.00**
- T-Shirt (Cat. #D205) ..... \$90.00**
- Boxer Shorts (Cat. #D206) ..... \$90.00**
- Scarf 36x36" (Cat. #D204) ..... \$64.00**

## SAFEGUARD APRON

*Full Frontal Coverage*

This unique apron is constructed using our special cotton based Staticot™ shielding fabric which is a highly effective E-field and RF shield, providing up to 40 dB to 10 GHz according to test results. 20 Ohm per sq on the surface, so it is also great for static discharge and easy to make ground connections. Soft feel and gentle to the skin. Completely machine washable (no bleach) and dryable (cool) without losing shielding performance. Generously cut for comfort and great "neck to hip" protection for pregnant women, computer and microwave oven users, TV or radio station workers, research and hospital workers, or anywhere people are exposed to RF radiation. *Color styles may vary.*

**(Cat. #D216) ..... \$59.95**

## SILVERELL® RF SUIT

*Comfortable Enough for All Day, Every Day!*

The Silverell Suit is a 2-part RF shielding garment. A long sleeve T-shirt and long pants with comfortable elastic waistband. Made from very comfortable 90% cotton and 10% Silver with no other toxic metals.

Garment achieves 99% RF attenuation over the frequency range from 800 MHz to 18 GHz. In addition, the high conductivity of silver causes Silverell to have antistatic behavior, plays an important role in minimizing body odor, and has a strong inhibitory effect on the growth of bacteria (actually acts as an antiseptic!). Light gray color. Can be worn as an undergarment (like long johns), or as casual outer garments in warmer weather. Wash in cold water, delicate cycle, line dry. No bleach. Suitable for both men and women. *Specify size: S, M, L, XL*

**Silverell Suit**

**(Cat. #D262) ..... \$119.95**

## CONDUCTIVE SOCKS

*Washable Foot Shielding*

Conductive dress socks for RF shielding, static control, wound healing, and odor control. 88% cotton, 10% silver-nylon, 2% Lycra®. High Silver content inhibits bacteria growth

minimizing odor and promotes wound healing. At least 99% radiation reduction from 800 MHz to 18 GHz. *Black or Tan color.*

**(Cat. #D217-black) ..... \$19.95/pair**  
**(Cat. #D217-tan) ..... \$19.95/pair**
