

SWISS SHIELD FASHION SHIRTS

Reflect RF & Microwave Radiation!

Made with Swiss Shield "Wear" shielding fabric. An excellent solution for shielding high-frequency radiation. Special fabric shields radar, Tetra, cell phone towers, Wi-Fi, etc. And best of all - now available as a fashionable dress shirt. Form fit by Italian fashion designers! No one will know it's for shielding unless you tell them.

Worried about the radiation from Wi-Fi and cordless phones? Swiss Shield shirt shields a minimum of 98% of cell phone and Wi-Fi radiation. Wears like a regular shirt, and can be washed in gentle cycle - shielding certified and guaranteed even after 30 washes! Button down collar, long sleeves, breast pocket. White only.
